

BRIDGE Patient to Investigator Training
Key Questions to Ask Study Team before Starting a Study

Time Commitment

- How much of my time will this take?
- How long is the project?
- How long are the meetings?
- How many times a month will we meet?
- Do I have to go somewhere for the meetings?

Payment

- Will I receive payment for my time?

Expectations

- What do you hope I will contribute?

Logistics

- How will we communicate?
- Will I have to travel?
- Who is my main contact?
- Do I need to have a special computer?

General

- Can you send me a plain language summary of the study?
- Can I have a list of roles and responsibilities for myself and other team members?
- Are there key terms I need to know before starting?

Liaison

- Who on the research team will be my primary contact/liaison when I need clarification or have questions that are difficult to ask during team calls?
