

# MODULE 8

## *OVERALL ASSESSMENT*

# Overview of Module 8: Overall Assessment

*This section will test your knowledge of what you have learned in the previous Modules:*

- You can **take the assessment** (via Survey Monkey which you will access by link) **as many times** as you like
- You **can always go back** to any previous Module and **review the content** again
- The **goal is for you to feel comfortable** in your knowledge of what has been presented in the previous training modules for patient/caregiver investigators

**Estimated Time Commitment for the Assessment:** *45-60 minutes*

# Master Glossary & Acronym List for BRIDGE Patient to Investigator

Below are links to the full Glossary of all terms and Acronyms we have covered in the training as well as some additional terms that you might encounter when you join a study.

These may be helpful in your future as a Patient Investigator.

**Master Glossary: click [here](#)**

**Acronym List: click [here](#)**

# Module 8: Overall Assessment

This overall assessment test can be taken by clicking on the link below, which will take you to the assessment in Survey Monkey.

- After you answer all of the questions, Survey Monkey will show you which answers you completed correctly and which you did not.
- As mentioned earlier, you can re-take this assessment test as many times as you like, until you feel comfortable with your final score.

*If you have any questions or problems with the Survey Monkey link or assessment test, please do not hesitate to contact us at [BRIDGE@copdfoundation.org](mailto:BRIDGE@copdfoundation.org)*

To begin the Overall Assessment, please click on the link below:
